Rest in peace Mom

God

A Mother's Day tribute to a wonderful MOM

I remember countless hours on our couch or swing on our country porch, listening to stories told by my mother. Many of those stories were Christian based, or she gave them a Godly twist. My favorite story was that of the little engine that could!

What began as "The Little Engine that could" Mom turned into a valuable "life lesson"

- Mom taught us to feel good about ourselves and to know that GOD is always with us.
- Mom taught us NOT to say anything BAD about others.
- If we are going to succeed, mom taught us to have an *I can do attitude...*

The Topeka Capital Journal (Sept. 10,1982) said in a full-page tribute to mom- following 20 years as a teacher/director of the Topeka Day Care Center Association);

"A widow who managed to raise four young sons single-handedly. Mrs. Anderson was concerned with all children feeling good about themselves."

Mom began by teaching her sons, what we (with Gods help) could do. She then took that same message to our children & the children in our community. She taught children in general, but particularly minorities to feel good about themselves. Without opening the bible mom taught the principles in Phil 4:13;

I can do all things through Christ ...
